MoRi.InK

mary xu | convention portfolio

I am a digital artist specializing in vibrant environments and eye-catching compositions to bring out the dramatic characteristics of the subject.

For over a decade, it has been my dream to tell my art at conventions. In October 2025, I began tabling at conventions and card shows in the Washington area to sell my art in the form of prints and stickers (and more to come!).

MIMIMON SERIES

Mimikyu just wants to be loved...so I’m helping! Mimikyu is traveling across of Pokémon’s lands to make friends: by making costumes of every Pokémon. Don’t judge. That’s just the way it works.

Passport stamps acquired (done):

- Kanto

Flight tickets bought (work in progress):

- Johto

as stickers

BOOTH EXAMPLES

In 2025, I tabled for the first time at Card Party Seattle ‘25, a card show catering to 5000+ attendees.

In 2026, I will mostly be tabling at various markets, conventions, and card shows in Washington. My goal for 2026 will be to table at at least one convention outside of Washington as well.
